RESCON EUROPE highlights innovations in the respiratory sector and connected devices. RESCON EUROPE will feature key case studies on the latest trends in Sustainable Inhalation devices, Inhaled mRNA Therapy, from inhaled insulin to gene therapy to overcome lung and pulmonary conditions, such as COPD, asthma and cystic fibrosis. Further discussion focusses at on-body device design and development for large volume delivery while engaging in the latest digital applications for wearable devices.

The background of the image is a blurred, high-angle shot of a modern office or conference space. Large windows with dark frames are visible, reflecting the interior lights and showing a glimpse of the outside world. In the foreground, the backs of several people are visible as they appear to be in conversation. The overall atmosphere is professional and collaborative.

**The RESCON Summit represents a unique opportunity for learning, exchanging opinions, and expanding one's network enabled by live presentations followed by dynamic Q&A sessions – providing the attendees with valuable insights from specialists in the sphere of Respiratory & Medical devices.**

# Learn The Key Practical Points

- Understanding the role of X-Ray as a process analytical technology in the development of DPI blister formulations.
- Gaining insights into pre-clinical research methodologies and their significance in evaluating inhalation therapies.
- Exploring innovative approaches to mitigate N-Nitrosamine risks using advanced material science innovations in inhalation products.
- Navigating technical and regulatory challenges in the evolution of metered dose inhaler formulations towards low GWP propellants for climate and patient benefits.
- Analyzing the impact of Industry 4.0 inhalation devices on patient care, environmental sustainability, and advancements in medical technology.
- Leveraging partnerships with material suppliers to achieve sustainability goals in the development of medical devices for inhalation therapy.
- Staying abreast of evolving regulatory expectations for ensuring biological safety in breathing gas pathway devices.

- Examining the potential of inhaled chemotherapy as a novel modality to enhance immunotherapy response in lung cancer treatment.
- Developing effective drug delivery strategies for high doses and biologics to the lung through innovative techniques.
- Exploring emerging trends in respiratory device design and regulatory strategies to maintain a sustainable competitive advantage in the industry.

# Scientific Agenda

## DAY 1 JUN 27.2024

---

**08:30 – 09:00** RESCON Summit  
Registration

---

### Session 1 Exploring Future Trends in Drug Delivery

---

**09:00 – 09:30** Drug delivery strategy  
developing high doses and/  
or biologics to the lung

**Gunilla Petersson**  
Chief Scientific Officer, CSO  
at HCmed Innovations Co.,  
Ltd.

---

**09:30 – 10:00** Respimat Soft Mist  
Inhaler – comparison with  
nebulizers

**Felix Weiland**  
Head of Device Technology  
at Boehringer Ingelheim  
microParts GmbH  
Labcorp

---

**10:00 – 10:30** Speed Networking

## DAY 0 JUN 26.2024

---

**18:00 - 20:00** Pre-Conference  
Cocktail Reception

---

**10:30 – 11:00** Morning Coffee-Break

During this networking  
break, Sponsors will also  
have the opportunity  
to deliver a 5-minute  
presentation at their  
designated exhibition space  
to engage with all our  
attendees during s  
cheduled times

---

### Session 2 Advances in Inhalation Formulations

---

**11:00 – 11:30** X-Ray as process analytical  
technology and its  
contribution to DPI blister  
development

**Marian Asch**  
Senior Sales Manager at  
Harro Höfliger

**11:30 – 12:00** Evolution of Metered Dose Inhaler Formulations: Navigating Technical and Regulatory Hurdles in Transitioning from High GWP to Low GWP Propellants with a Focus on Ambitious Climate and Patient Benefit Timelines

**Loy Britto**  
Chief Executive Officer at  
Healthy Airways LLC

---

**Session 3**  
Sustainable Development and Environmental Impact

---

**12:00 – 12:30** How can a Material supplier help to achieve your sustainability goals for Medical Devices

**Volker Dickfeld**  
Sr. Marketing Manager  
HealthCare Global at Avient  
Colorants Germany GmbH

**12:30 – 13:00** The Innovation Imperative: Regulatory & Design Strategies for a Sustainable Competitive Advantage in Respiratory Devices

**Jacqueline van Druen**  
Clinical & Regulatory Affairs  
Director at CLIN-r+

---

**13:00 – 14:00** Lunch Break

---

**Session 4**  
Regulatory Compliance, Safety, and Pre-Clinical Assessment

---

**14:00 – 14:30** General pre-clinical overview

**Simon Moore**  
Global Lead of Inhalation  
Sciences and Engineering  
at Labcorp

---

**14:30 – 15:00** “The ever changing expectations from authorities on biological safety evaluations of breathing gas pathway devices”

**Lina Burman**  
Senior Scientific Affairs  
Manager at Veranex

**15:00 – 15:30** Regulatory Perspectives for Device Development for Inhalation Combination Products

[Deepika Lakhani](#)  
Vice President of Regulatory & Quality at PAVmed Inc.

**15:30 – 16:00** Afternoon Coffee-Break

**16:00 – 17:00** **Panel discussion: Charting the Future of Inhalation Therapies: Innovations, Regulations, and Market Trends**

- Innovations in Drug Delivery
- Navigating Regulatory Challenges
- Market Dynamics and Investment Opportunities

**Panelists:**

- Gunilla Petersson, HCmed Innovations
- Deepika Lakhani, PAVmed Inc
- Stephen F. Flaim, National Heart Lung and Blood Institute, NIH
- Loy Britto, Healthy Airways LLC
- Felix Weiland, Boehringer Ingelheim
- Jacqueline van Druten, CLIN-r+

**19:30 – 21:30** RESCON Europe Gala Dinner

## DAY 2

JUN 28.2024

**08:50 - 09:00** Opening of the RESCON Europe 2nd day

### Session 5 Advancements in Therapeutics

**09:00 – 09:30** Enabling next generation therapeutics and prophylactics – inhaled gene therapies and vaccines

[Ronan MacLoughlin](#)  
Director of R&D, Science and Emerging Technologies at Aerogen Limited

**09:30 – 10:00** Inhaled alkaline HDS for treatment of refractory chronic cough

[David Edwards](#)  
Founder at FEND

**10:00 – 10:30** Polysaccharide-based inhalable dry powders: enabling tools in lung drug delivery

[Ana Grenha](#)  
Associate Professor at University of Algarve

**10:30 – 11:00** Morning Coffee-Break

During this networking break, Sponsors will also have the opportunity to deliver a 5-minute presentation at their designated exhibition space to engage with all our

attendees during  
scheduled times

---

**11:00 – 11:30** Data-driven approach  
towards expediting DPI  
formulation design

**Amrit Paudel**  
Leader-Formulation and  
Drug Delivery at Research  
Center Pharmaceutical  
Engineering GmbH (RCPE)

---

### Session 6 Future Trends in Inhalation Therapy

---

**11:30 – 12:00** Detoxing and Empowering:  
If not now, then when?  
Some thoughts on  
Industry 4.0 inhalation  
devices and their impact on  
patient, environment and  
the medical  
field

**Marco Franza**  
Director Sales and Business  
Development at Global  
Inhalation & Medical  
Devices – Berry  
Healthcare

**12:00 – 12:30** Mitigating N-Nitrosamine  
Risks with Novel Active  
Material Science  
Innovations

**Badre Hammond**  
VP Global Commercial  
Operations & GM  
APAC at Aptar CSP  
Technologies

### Session 7 Connectivity and Remote Monitoring

---

**12:30 – 13:00** Connectivity and remote  
monitoring in nebulized  
therapies: a look into the  
future?

**Ulf Krueger**  
CEO and Founder at  
Pulmotree Medical

---

**13:00 – 14:00** Lunch Break

---

### Session 8 Cutting-edge Research in Respiratory Medicine

---

**14:00 – 14:30** Inhaled chemotherapy as  
a new modality to increase  
immunotherapy response in  
lung cancer therapy

**Nathalie Wauthoz**  
Associate Professor at  
Université libre de Bruxelles

---

**14:30 – 15:00** CRISPR/Cas9-LNPs for  
gene editing in lung cancer  
cells

**Simone Carneiro**  
Postdoctoral Fellow at LMU  
Munich

---

**15:00** Closing Remarks and End  
of RESCON Europe 2024
